

INDUSTRY PARTNER  
APPLICATION

The electrical industry is a cohesive one because of the partnerships developed throughout the years between manufacturers, distributors, service providers, and the electrical contractors. IEC strengthens that partnership by offering various levels of associate, or "Industry Partners" membership. Application for the Industry Partner membership in the IEC is limited to firms whose products are aligned or allied to the electrical contracting business. By completing this application form applicants acknowledge that they are in accord with the stated principles of this association, that they agree to abide by its Bylaws, and that they further agree to pay any and all Association dues when incurred.
